- **Expert support**—Live technical support 24x7x365

Grow your business with a professional website

You know that the right website and company-branded email can boost your business image and help you reach new customers. But who has the time to manage IT applications like email and Web servers? Covad’s email and Web hosting services enable you to quickly and easily establish a professional Internet presence with minimal cost, so you can focus on building your business.

COVAD MAKES IT EASY. When you add email and Web hosting to your Covad account, Covad provides the space for your website and professional email accounts with a custom domain name (you@yourcompany.com). By letting Covad handle the technical details, you can avoid the complexity and expense of buying an email or Web server and hiring a technical person to deal with it. We can transfer your current domain name, or you can get a new one through Covad.

FLEXIBILITY TO GROW. Choose from four hosting plans. As your business grows, add features or increase storage as needed.

FOUR PLANS	BUSINESS-CLASS EMAIL	BASIC WEB HOSTING	ENHANCED WEB HOSTING	PREMIUM WEB HOSTING
Number of email boxes	10	30	40	60
Email storage/box	100 MB	100 MB	100 MB	100 MB
Website storage	N/A	1 GB	2 GB	4 GB
Website transfer/month	N/A	60 GB	100 GB	200 GB

GET YOUR WEBSITE UP AND RUNNING FAST. Covad’s easy-to-use tools and templates help you build and design a professional website in a few hours. Make changes or add new content and images with a click of the mouse. Learn what’s working and what isn’t by using Web traffic reports to monitor visitors to your site. If you already have a website, consider transferring it to Covad hosting services and save yourself the trouble of dealing with multiple vendors.

BUSINESS-CLASS EMAIL SERVICE. Covad's email service includes email accounts using your company's domain name and enhanced services like email forwarding, aliases, anti-spam protection, and auto-responder messages. In addition, you can use our free Webmail service to send and receive email from any Web browser anytime, anywhere.

REACH NEW CUSTOMERS ONLINE. With Covad, you can quickly create a professional-looking online store that showcases your products and takes orders 24 hours a day. Easily add images to show off your merchandise and increase its appeal. Use auto-responder emails to improve customer satisfaction and be more responsive. Create a blog to boost your company's visibility and website traffic. Covad Enhanced and Premium hosting packages also provide live chat and real-time credit card payment to help you turn online prospects into real customers.

ONLINE MANAGEMENT AND REPORTING. Using Covad's online SMART account management tool, you can manage and update your website or email accounts as often as needed. Monitor the visitors to your website and their behavior using Web traffic reports.

RELIABILITY AND EXPERT SUPPORT. We recognize that your website and email are fundamental to the operation and growth of your business. That's why we've built our hosting services to help provide high performance and reliability, with access to customer support 24x7x365. Covad helps ensure your website is always open for business and your email is always accessible—whether you're in the office or on the road.

SATISFACTION GUARANTEED. Try one of our Email and Web Hosting plans for 30 days. If you are not fully satisfied with our service, you can discontinue it and receive a full refund (excluding fees paid for domain name registration).

THE BEST CHOICE FOR BUSINESS. Covad services are specifically designed to meet the critical requirements of small and medium-sized businesses. Covad offers high-speed Internet connectivity, voice services, and Web and email hosting, all over its fully owned and managed nationwide network.
